Harnessing the power of its full carbon fiber frame, the Go Go Carbon offers exceptional portability in a four-wheel scooter.

Modern display

Easy to fold

NFC smart card

Specifications

Weight capacity	136 kg
Speed	Up to 6 km/h
Range per charge	Up to 16 km
Turning radius	1346 mm
Ground clearance	38 mm
Length	1024 mm
Width	445 mm
Tires	7" solid front 8" solid rear
Drive	Rear wheel drive, sealed transaxle, 24-volt brushless
Weight without batteries	16 kg
Batteries	Type: Lithium-ion Size: 12 Ah

Features

- Folds down in just seconds and can be towed like luggage
- Weighs just 16 kg without the battery
- Full carbon fiber frame, rims, and tiller
- NFC ignition provides extra security
- Vibrant color display on console that displays clear information
- Powered by an airline compliant** lithium battery
- Removable seat back and base for easy cleaning

1. Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This specification can be subject to a variance of (+ or -) 10%.
2. Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or -) 3%.
3. Battery weight may vary based on battery manufacturer.
4. Includes standard seat weight.

NOTE: All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or - 3 %. Dimensions listed are for power base only. Overall measurements will vary based on seating and accessory selections.

Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement. Dimensions listed are for power base only. Overall measurements will vary based on seating and accessory selections.
